**COUNTY EXECUTIVE MIKE HEIN ELECTED FIRST VICE PRESIDENT OF
THE NEW YORK STATE COUNTY EXECUTIVE'S ASSOCIATION**

Albany, N.Y -- County Executive Mike Hein has been elected to serve as the First Vice President of the New York State County Executive's Association at the New York State Association of Counties (NYSAC) fall meeting by fellow county executives. Hein will serve a one year term as First Vice President.

"As First Vice President of the County Executive's Association, I will continue to fight aggressively for mandate reform and property tax relief" said County Executive Mike Hein. "I am privileged to serve in this capacity."

"County Executive Hein's leadership has been a tremendous asset to the County Executive's Association," said NYSAC Executive Director Stephen J. Acquario. "I look forward to working hand-in-hand with County Executive Hein in 2011, as we fight for all New York counties for the reform of the 9 mandates that consume 90 percent of the county property tax levy."

NYSAC is the leading advocacy organization for New York's sixty two counties. The organization represents the issues of county officials and sponsors many educational programs.
